DR. ARNOLD J. CURRIER

DEDICATION

TIME has ticked itself across another year, and once again the opportunity has been presented whereby we of the yearbook staff and the senior class of 1961 may commemorate the worthy efforts of one of our more respected faculty members. Throughout the years this man has laid before the students who have come in contact with him the beauties and the marvels of the world of science. Within the laboratory and the lecture hall, his wise insights into the intricacies of the physical and chemical worlds have crystalized and given substance to what were only vague and shadowy notions in the minds of future scientists and engineers. We who are about to leave Lycoming take with us grateful memories of the fruits of this man's academic labors. We hope his years at Lycoming have left equally pleasant memories with
DR. ARNOLD J. CURRIER.

FOREWORD

AS Father Abram sojourned in the land of Canaan and Odysseus paused for a pleasant moment with Calypso on her isle, so too we have stopped here a little while. And this is how it was with us and what we saw here and what we were. These are the memories that once had substance in our lives. But there are other roads than this short passage-way we leave behind and there are other books and other things to do, and there are dreams which, though perhaps absurd ephemeral things, will weave their spell and lure us on.

So let the world say this about us when we pass: That we have done or tried to do a little more than those who went before. And if it is not good or if it has no meaning in the halls of time, why that is something you who read these words must judge.

WILLIAM D. HARTMAN

CHIEFTAIN AWARD

The greatest tribute which Lycoming College can pay to a student is the presentation to him of the Chieftain Award. Each year the student body is carefully scrutinized to select that individual whose activities throughout his four years at Lycoming reflect the diversified fields of college interest. For this award, many attributes are essential. Among these are a pleasing personality, the ability to work well with students and faculty, evidence of a good moral code, and a high scholastic standing.

Recognizing these qualities and many more in the recipient of this honor, it is with extreme pleasure that we present the Chieftain Award to Mr. William D. Hartman.

Sitting—J. Penno, R. Bastian, M. Elliott. Standing—W. Hartman, P. Abrunzo, L. Morelli, C. Howe.

Iruska is an honorary society designed with the purpose of honoring juniors who have been active in the extra-curricular activities. These individuals represent the spirit of campus leadership here at Lycoming. Each year at Moving-Up Day seven new members are appointed to the society. To these are presented the insignia of the society, a blue hat with a yellow letter "I." One has only to examine the rolls of the society to discover the far ranging areas of student endeavor its members represent. There are members of the choir and of the dramatic organizations; there are participants in Student Government, publications and religious organizations; and there are those active in various athletic groups. Also among its ranks are class officers and members of the various councils on campus.

TO THE CLASS OF 1961:

These have been exciting days in which to be on the College campus. The horizons of knowledge have been pushed back. The mysteries of the universe have been challenged as never before. And now it is all over!

But it is not really over. The fact of the matter is, you leave College to enter the most critical years of the next decade. What new horizons are to be pushed back? What new mysteries remain to be challenged? You are now more adequately equipped to live as responsible men and women in a demanding society than you were four years ago. The task is larger and you must be ready to accept its burden and to discover its joy.

The College is proud of you. Wherever you go, the name of Lycoming will go with you. You will be our witness in all the world.

So, our thoughts and our prayers go with you. You have a great opportunity in the years ahead. The world should be a better place because you are here.

Very sincerely,

Donald Wertz

CLUBS AND ORGANIZATIONS

GOVERNING BODIES

STUDENT GOVERNMENT ASSOCIATION

Permeating all areas of student life, the academic as well as the social, the Student Government Association takes increasing responsibility in the furthering of campus affairs, and employs to this end all such means as are permitted by the college framework. The association does not wish to exist as an isolated group; indeed the Student Government Association in itself is a collective term which actually includes every student of Lycoming College. The operating core of this association is the student council, composed of four representatives who are elected from each class, five officers, and one representative from each of the campus organizations. All the energies of this organization are dedicated to the worthwhile and high ideal of a greater Lycoming College where the individual student might further his understanding of the cultural and intellectual milieu. As each class leaves the college, much of what it has learned and much of the understanding which it has gained have come through the efforts of this dedicated and efficient organization.

Seated—H. Soyser, S. Murphy, K. Parkin, A. Hughes, W. Kehrig, N. Azinger, R. Irwin, R. Lewis, S. White, W. Bouton, B. Corter, S. Olphant. *Standing*—P. Connors, E. Schroeder, D. Anderson, D. Wilt.

STUDENT UNION BOARD

The Student Union Board of Lycoming College is composed of a board of governors having a chairman, six heads of committees, and a secretary and treasurer, and exists to provide a comprehensive social and recreational program which will extend itself to every student on the campus. Putting to the best possible use all of the many facilities of the Student Union Building, the board plans and provides interesting and variegated activities with which the Lycoming student may enhance his leisure hours. Among the activities sponsored are: TGIF programs, providing entertainment of a light and frothy kind; in contrast with the more serious nature of the Wednesday evening Mid-Week Series which feature films, slide lectures, and talks by noted personages in all walks of life. And these are but two of the many facets of the Student Union Board program. Also it presents musical activities such as jazz and classical concerts and dances among which the Crystal Ball, the Mardi Gras, and those of Winter and Spring weekends are important examples. In the performance of the functions described above, the six committees, composed of some two hundred students, interact and the degree of success which the board obtains in its goals is due primarily to the dedication and sense of purpose on the part of these members.

WLCR

The four lads and a disc jockey at work

This year the campus radio station operated for the first time under a new name—WLCR. Another first for the station is its membership in the Inter Collegiate Broadcasting System. It is because of this that many new and enjoyable programs are being offered to the resident students of the college. The station is operated on a closed circuit and is entirely owned and managed by the college. During the school year broadcasts are heard regularly, six nights each week from 7:00 P. M. until 12:00 A. M. A variety of programs designed for a more enlightened student body is offered. These range in content from classical music to rock 'n roll, from campus to world news, from faculty and administrative interviews to variety programs. The facilities and space of the station have been greatly expanded this year. The station's technical director, Richard Kolle, has installed a new console and "The Dragon Room" has been annexed to provide space for round table discussions and student talent.

THE BELL

Thursday of each week is a day for which the students, faculty, and administration of Lycoming College anxiously wait, because it is the day of publication of *The Bell*, our campus newspaper. This publication strives to reflect life on campus and acts as a link between students and teachers. To carry out this purpose, major happenings are reported, opinions of issues which affect students and college life are given, and problems are brought before the campus in hopes of finding possible solutions for them.

The Bell staff is ably advised by Mr. Joseph Peck and Mrs. James Madden. Facilities in the Student Union Building have proved most valuable to the staff in increasing the paper's effectiveness and success. Special Christmas and Easter issues are accorded with enthusiastic reception.

Because *The Bell* staff realizes its desire to serve the college community, students work unceasingly to cover more school activities. This service makes the paper a responsible part of the college plan and makes it effective in carrying out its purposes. This increased importance of *The Bell* is a sign of the growth of Lycoming College.

FRATERNITIES

INTER-FRATERNITY COUNCIL

I. F. C. OFFICERS

The Inter-Fraternity Council has as its principal purpose the promotion of the betterment of the fraternity system here at Lycoming College. This body regulates matters involving all of the fraternities, such as rules connected with rushing, and scheduling of Fraternity activities. The council constantly strives toward active and inspiring leadership. This body is the coordinator of Winter Weekend and the co-sponsor of Spring Weekend. The council co-operates in the Intramural Program of the school, and each year contributes a number of trophies which are presented to fraternities which have distinguished themselves in any one of the several sports in the Intramural Program. A scholastic trophy to the fraternity with the highest grade point average and a trophy to the chapter which wins the song test during Greek Week are also awarded.

ALPHA GAMMA UPSILON

College covers a span of years that holds tremendous possibilities for the development of an individual's personality. People of any age develop best in a congenial, stimulating atmosphere, and this is especially true of young men in their late teens and early twenties. Alpha Gamma Upsilon with its carefully chosen men supplies this environment. Within the Alpha Gamma brotherhood, a close compact group of men who have the same common interests produce a spirit that can truly be called fraternal.

While still a relatively young fraternity—AGU was founded in 1922 at Fort Wayne, Indiana—it has been a youthful spirit of progressive thought and growth. Organized here at Lycoming in 1951, Nu Chapter has worked to produce men of high character and ability, who hold aloft the ideals of brotherhood, democracy, and service to the college and community.

Thus as each year passes, to the new men who come into Alpha Gamma Upsilon there is presented the challenge to uphold and encourage the principles and ideals which have become so much a part of college life.

KAPPA DELTA RHO

Kappa Delta Rho was founded in 1896 at Middlebury, Vermont; its motto: HONOR SUPER OMNIA (Honor above all), its colors: Middlebury Blue and Princeton Orange. In 1953 a chapter became established here on the Lycoming College campus. Although devoted to the interests and individual needs of each brother, Psi chapter also looks to the development and welfare of the college of which it feels itself to be an integral part.

With a program that places emphasis upon scholastic, athletic, and social achievement, Kappa Delta Rho provides experience in the selection of leaders and the formation of the rules and regulations necessary for the mutual forbearance and co-operation of living together, both in the college community and the world community. For membership in Kappa Delta Rho is a lifetime venture, and each member neither recognizes nor encourages anything less than an honest effort.

Thus Kappa Delta Rho stands for "honor," and its men reflect this in their constant endeavor to develop and sustain high intellectual and moral standards not only during their four years of college but every day of their lives.

LAMBDA CHI ALPHA

Founded in 1909 at Boston University, Lambda Chi Alpha was brought to the Lycoming campus in June of 1951. Its development since can be traced to two things: the spirit of its members and the great national fraternity that they represent. This fraternity is the largest of the American International Social Fraternities, standing today with over one hundred fifty-two chapters. As a unit, the 70,000 brothers and alumni of Lambda Chi Alpha have set as their ultimate goal the attainment of truth and justice and the well being of humankind everywhere.

Showing themselves to be aware of these goals, the brothers of Lambda Chi throughout the past years have exerted themselves in all realms of campus and fraternity activities. Scholastically they have stood at the head of the five campus organizations and in the upper quarter of their national organization.

The annual highlights of the Lambda Chi social season are the White Rose Ball and the Founders' Day Banquet. The brothers are especially proud that for the third straight year, the Crescent Girl of Lambda Chi has reigned as Lycoming's Homecoming Queen.

SIGMA PI

The Sigma Pi Fraternity was founded on Feb. 26, 1897, at Vincennes University, Vincennes, Indiana, for the purpose of forming a brotherhood of and for college men, with the objectives of promoting scholarship and culture, advancing the cause of education and raising the standard of morality. In the years since, Sigma Pi has sent men into all walks of life; its alumni are engaged in many occupations and professions and it is the belief of the members everywhere that there is no better place than the chapter of a fraternity for the training of young men to take their place in the American scene.

The brothers of Beta Lambda Chapter, founded at Lycoming in 1953, support these ideals. They feel it is the responsibility of the fraternity to maintain and develop the standards of chivalry and culture within the college setting, prepare the members to cope with the problems of life and imbue them with an appreciation of life's real values.

The pledge program of Sigma Pi reflects this attitude. Each pledge must meet the requirements of the college and the Fraternity for initiation. Prior to his initiation, he is given a three month period of constructive training and instruction. In the years that follow, his membership both in the fraternity and the campus life about him is guided by the idea that success in life depends largely upon his ability to work with and understand his fellows. No other agency can provide a young man with this valuable training as well as the fraternity can and does.

THETA CHI

Although Theta Chi provides its members with an active and varied social life from September to June, its members and the chapter as a whole are always ready to take an active interest in worthwhile college activities. Since its founding in 1856 at Norwich University, Norwich, Vermont, under the motto "Alma Mater first and Theta Chi for Alma Mater," the fraternity has been a positive force for the constructive and continued development of the highest type of citizenship among its members and has constantly worked to perpetuate its basic fundamentals. That the members of Epsilon Beta Chapter reflect this community spirit is pointed up by the fact that they were awarded the President's Cup—symbolic of excellence in leadership, fraternalism and contribution to the college—for the year 1959-1960.

In answer to the freshman rushee who asks: What can I get out of a fraternity? The brothers of Theta Chi ask: What can you put into the fraternity? For it is their contention that the fraternity is a valuable part of higher education providing the members with both a campus home and a socializing agency, and the success of such a society must be measured by the degree each member is impressed with the fact that privileges and honors also entail obligations and responsibilities.

LYCOMING COLLEGE CHOIR

MR. WALTER MELVER
Director

One of the most active groups on campus is the Lycoming College Choir. Under the direction of Mr. Melver, the choir has established a reputation throughout the East and in the mid West. It has given concerts at such places as the Methodist Quadriennial Conference in Washington, D. C., and on the National Broadcasting Company's radio presentation "Great Chorus of America."

This year's repertoire includes such works as a Bach Cantata, Negro spirituals, and several Russian numbers. A dedicated and talented group, the choir does much to spread the name of Lycoming College.

FRENCH STUDENTS

The French students have, for the first time this year, begun to take their place with the rest of the language groups on campus. They have met and elected a president, Silas White, who has worked with them to create what we hope will be a continually growing organization. The addition of a laboratory where tape recordings in French as well as other languages can be played, has inspired these students to form a genuine interest in a workable learning field.

ACTIVITIES

NEW STUDENT WEEK

Yats and friend "carry on."

In order to help the incoming freshmen become acquainted with Lycoming College and adjust to their new life, a week of special activities was set aside before classes started. To assist and guide the confused frosh during this New Student Week were upperclassmen who held group meetings for the purpose of answering questions about college life. The services of these New Student Week Leaders were fully appreciated by each and every freshman.

Social activities such as teas, dances, talks, movies, and swimming were designed to help the freshmen become acquainted and make friends. Many frosh found possible interests among these extra curricular activities. Other activities such as taking placement tests, registering, and buying books and supplies also had to be included before classes started.

At the Matriculation Service on Sunday, President Wertz gave a message to the new students, inspiring them to seek new heights and goals. When the time came for the first class, the eager freshmen felt ready to set out on the new adventure with their best foot forward. New Student Week had been a success.

DRAMATICS

Under the direction of Mr. Norman Myers of the Speech Department, The Lycoming College Players have made great advancements during the past year. Being one of the most active groups on campus, they have presented two major productions.

The first of these, presented during the fall semester, was Henrik Ibsen's *Hedda Gabler*. This play, written just before the turn of the century, deals with a beautiful and rather intelligent young woman who finds herself married to a man she does not love. However, being too inhibited by the folkways and mores of her social milieu and incapable of changing a situation in which her existence has become to her a meaningless bore, she proceeds in various ways to destroy herself and the lives of those around her.

During the spring semester the Lycoming College Choir combined with the Players to present to the campus, Benjamin Britten's rendition of the *Beggar's Opera* by John Gay. The music direction for this production was handled by Mr. Walter Melver of the Music Department.

Much of the increased interest in dramatic activities at Lycoming College is due to efforts of the members of Alpha Psi Omega, the national honorary fraternity for students who have excelled in the various fields of the theatre.

The motto of Lycoming's Mu Upsilon chapter of Alpha Psi Omega is "Seek a life useful." The colors of the fraternity, amber and blue, are those used in the modern theatre for lighting effects.

My dear, I'm sure you've been so much help to Eilert.

Now really, George, let's not argue.

Hedda slept here.

HOMECOMING

1960

The first major event of the school year which each student eagerly awaited was Homecoming, a whole week-end devoted to greeting the returning alumni, cheering the victorious football team, parading the student built floats, crowning the homecoming queen, and dancing to the music of the Maynard Ferguson Orchestra. The festivities began with a formal reception, given by the president of the college, for the faculty and administration. Other highlights of the weekend included the annual initiation of the new members of the choir, the traditional tug-of-war between the freshman and the sophomore classes, the fire-side chat with President Wertz, and the first big dance of the year followed by the cabaret and floor show. The excitement of the "big game" day reached a peak with the crowning of Miss Mary Jo Geismann, Crescent Girl of Lambda Chi Alpha, as Homecoming Queen. With the campus wide open and all students participating due to the slight letup of academic pressures, a feeling of gaiety pervaded. And it was with reluctance that we departed from such frivolity and settled once again to the task of pursuing that ever elusive "A."

RELIGIOUS LIFE

Students get together to talk out problems concerning the campus.

The Religious Life Council has developed a program of religious activities for students to add spiritual growth to their development. Chapel and vesper services are held and conducted by students as a weekly part of their college activities.

A new and highly interesting program this year was the Religious Emphasis Week "Pow-Wow's" which were held at the homes of members of the faculty and administration. Students were invited to attend these programs to discuss items which they felt would interest them. These get-togethers furnished faculty members as well as students with a means of becoming better acquainted.

Mrs. King and Mr. Fruitiger discuss student affairs.

ARTIST AND LECTURE SERIES

Lycoming College does much to further the cultural interests of its students by making available to them such noted persons as those presented through the Artist and Lecture Series. Among the highlights of the programs for this year have been: a performance by The Bishop's Company of two one act plays, *The Devil and Daniel Webster* and *An Episode for Sparrows*; a concert of jazz and dance music by the Maynard Ferguson Orchestra; an evening with Adele Addison; a lecture by Miss Agnes DeMille, the world renowned choreographer. Much consideration is given to the careful selection of a variety of artists from all fields, thus ensuring a performance to the taste of even the most discriminating individual.

In Memoriam

During the year the untimely death of two students brought sorrow to the campus.

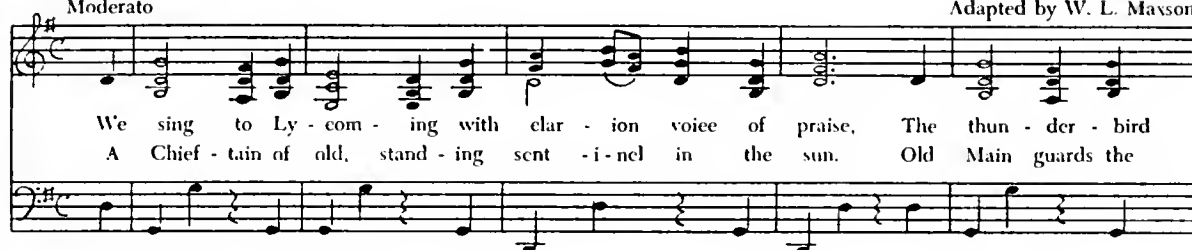

William D. Angle, a member of the Class of 1961, died in an airplane accident May 5, 1960.

Thomas D. Pifer, a member of the Class of 1962, died in an automobile accident October 23, 1960.

LYCOMING COLLEGE

D. FREDERICK WERTZ, *President*

Lycoming college is a coeducational liberal arts college which grants the Bachelor of Arts degree. The liberal arts program is basic to the professions of medicine, dentistry, law, theology and teaching, and is desirable for those planning to enter the fields of science, pharmacy, veterinary medicine and engineering.

Lycoming believes that a liberal arts education is still the best hope for an enlightened citizenry. It believes that vocational and professional specialization—an obvious necessity today—should be built on a foundation of liberal education embracing the humanities, the sciences and social sciences.

Students may concentrate their studies in one or more of the following areas:

ART	MATHEMATICS
BIOLOGY	MEDICAL TECHNOLOGY
BUSINESS ADMINISTRATION	MUSIC
CHEMISTRY	PHILOSOPHY
COOPERATIVE ENGINEERING	PHYSICS
ECONOMICS	POLITICAL SCIENCE
EDUCATION	PSYCHOLOGY
ENGLISH	RELIGION
FOREIGN LANGUAGES	SOCIOLOGY
HISTORY	

Students preparing to teach in the public schools must select an academic major in addition to completing professional courses required for certification by the Pennsylvania State Department of Public Instruction.
